

AMENDMENTS TO THE SPECIFICATION

Please amend the paragraph at page 93, lines 3-7, as follows:

Fig. 79 is a flowchart showing how oU 30 responds to receiving a crowd registration request from an oE. At step 1660, oU 30 adds the oE to its registered crowd list shown in Fig. [[36]] 45. Processing is now complete. It will be appreciated that only ELF's that have been accepted to register with this umpire in the first place may interact with it at all, including registering in the crowd.
